Weekly Update

It is amazing how quickly this year seems to be progressing. We are already in the 20th week of this school year! This week, we will conclude the 1st semester. Please note that there will be no classes for students on Friday, February 5, 2016.

I would like to recognize all of our students that participated in this year’s talent show. It is always a wonderful experience to see that spectacular gifts and talents of our students. Our students are not only bright, but they are musicians, dancers, comedians, rappers, acrobats, writers and poets!

Thank you to everyone that supported the 8th Grade’s Talent Show. All donations and funds from ticket sales will help to reduce the cost of graduation fees. This includes cap and gown, luncheon, ribbon pinning ceremony and class trip.

The school has received several complaints regarding cars that are double-parked and blocking traffic during afternoon pick-up. Please obey all traffic rules to ensure the safety of our students. Blocking traffic and double-parking are traffic violations that are subject to ticketing.

A representative from the City Clerk’s Office will return to create more student ID cards. This is your chance to get an ID for your child and register their fingerprints and photograph in the state registry. If you are interested, please complete the Kids ID form and return to school by February 1, 2016.

~Principal Sims
