We will celebrate Pi Day on Monday, March 14, 2016. The 8th grade class will sponsor their annual Pi(e) Throwing Event where students are able to throw pies at their favorite Lenart staff member for $3.00 each. Student Council members will also have slices of pie available for sale for $3.14. The person who can recite the most digits of pie will win an entire pie, and the runner-up will win a slice of pie! Let’s get to reciting those digits!

Last week, CPS principals were asked to slow spending in schools to reserve cash to assist with the current fiscal crisis. While we have been fortunate to not lose any staff positions, there are no funds remaining to purchase supplies and instructional materials. There will be requests for information and invitations to meetings for strategic planning for our school coming soon. This week, a brief survey regarding student fees will be sent home with students. Please take the time to complete the survey and return to the school.

We are still in the search for a French teacher. In the meantime, students will continue to work in the computer lab on Math and ELA enrichment programs.

If you are looking for a way to take an active roll in Lenart, why not join the LSC! The application period has been extended, so there is still time to apply. Applications are available in the main office and will be accepted through, Friday, March 18, 2016. Please do not miss your opportunity to make your voice heard and to help make important decisions for our school.

Please note that Friday, March 25, 2016 is now a non-attendance day for students. This is one of the mandatory furlough days implemented by CPS to help reserve cash to help sustain schools through the end of the year. All schools will be closed on this day.
